Our Programs

Givins/Shaw School Community Daycare is a warm, neighbourhood daycare that was established in November of 1987 in response to the needs of the parents in the community. We believe that children learn best through play and by pursuing their interests and goals by making their own choices. We recognize each child as a unique individual who brings their own abilities to the program and deserves the encouragement and space to try new things, explore new ideas and develop their own unique creativity.

Preschool

The preschool program is offered to children between the ages of 2.5-4 years old. Our daily planning includes activities in the areas of creative expression, gross/fine motor skills, and social, emotion and cognitive development. we offer off site activities that include community and nature walks to local parks. We also have special guests throughout the year such as music programs, sporting activities and theatrical performances to enhance the program.

JK/SK

We have 2 JK/SK rooms/shared spaces with the school. These programs are

for children aged 4 -5. Daily daycare programming includes child-based activities, supporting the whole child socially, emotionally, physically and cognitively, allowing children to develop at their own pace. Kinder children are provided snacks.

School Age

We have 2 School age rooms/shared spaces with the school. These programs are for School age children between the ages of 6 and 9 years of age, Grades 1-3. This program is specially designed to meet school aged each child's individual developmental needs. Daily activities allow the children to be social, creative, and are given multiple opportunities for choices. School age children are provided snacks.
